## CHECKLIST #0140 FOR THE APPROVAL OF: ROOF COATINGS, ADHESIVES AND SEALANTS

---

- ❑ Basic Requirements Checklist.
- ❑ One set of the manufacturer's 'approval documents' including:
  - a) Specification sheets for each component submitted for approval,
  - b) Detailed application instructions for each product submitted for approval (include drawings if applicable), and
  - c) Letter (on the applicant's company letterhead) specifying all of the products, actually manufactured by the applicant's company to be listed in the NOA approval.
  - d) Listing of all products manufactured by others, including the actual manufacturer's name, to be listed in the NOA approval. Provide properly executed Miami-Dade Private Label Agreements for all products within this list.
  - e) Listing of all products manufactured by others, including the actual manufacturer's name, to be listed in the NOA approval. Provide properly executed Miami-Dade Distributor's Agreements for all products within this list manufactured outside of the United States.
  - f) Listing of manufacturing locations, in table format of all the products (components) to be listed in the NOA approval. Provide the following information:
    - 1) Product (component) name,
    - 2) Manufacturer of product,
    - 3) Manufacturing location of product (component),
- ❑ Copy of contract with approved independent listing agency having unannounced follow up visits for compliance with section 1523.6.5.2.12.1 of the Florida Building Code.

**The following current laboratory tests and reports in compliance with protocol TAS 301.**
